

# The Beck Group selects COMPASS for subcontractor prequalification

## PRESS RELEASE

**TORONTO — June 2021 — [Bespoke Metrics Inc.](#)** (Bespoke Metrics) is pleased to announce that the architecture and construction firm, [The Beck Group](#) (Beck), has selected COMPASS to assist in assessing and qualifying its subcontractor partners. COMPASS is Bespoke Metrics' pre-construction software suite that collects, centralizes, and analyzes subcontractor data on behalf of general contractors across North America.

Recently named a [2021 Best Managed Company](#), Beck has built its reputation on high-quality work, workplace safety, and project risk management. "At Beck, we value our long-standing and trusted relationships with trade partners and look forward to the value that COMPASS can provide to them and us," said Ray Alletto, Beck's Director of Risk Management.

Beck is known for its pioneering use of mainstream and emerging technologies on projects across various market verticals, including healthcare, education, aviation, mixed-use and retail, and faith. The firm designs and builds award-winning projects for its clients such as Texas Health Resources, The Candler Hotel in Atlanta, Duke University, Tampa International, and Dallas Fort Worth International Airports.

"Beck is a great addition for COMPASS and a strong anchor client with a preeminent position in core US markets. We look forward to working with the Beck team and providing timely and detailed analytics to complement their rigorous subcontractor risk management procedures," said Mark Newman, Senior Vice President at Bespoke Metrics.
